THE "GREAT NH ESCAPE" GREAT ROOM

A Family's Forever Home-Away-from-Home in New Hampshire

We conceived the "Great NH Escape" Great Room for an active family from a suburban/Metro area who crave the quiet and rugged outdoors of New Hampshire for their getaway weekends, both winter and summer.

Though a second home, we felt that the parents truly saw Yankee Barn Homes' spectacular post-and-beam Springfield Barn House as a "Forever Home-Away-from-Home" – the long-term backdrop for their family's North Woods memories and a refuge to return to time and again from the noise of the more congested town where they live. As such, we furnished it with the same well-crafted, American-made décor that would stand the test of time in any investment home and a fresh classic style that would reflect the fun vitality of their family.
